# Tropical Aquatic and Soil Pollution

**Trop. Aquat. Soil Pollut.**

**Volume 1 - Issue 1 - 2021**

**Tecno Scientifica  
Publishing**

### **FOCUS AND SCOPE**

The journal is intended to provide a platform for research communities from different disciplines to disseminate, exchange and communicate all aspects of aquatic and soil environment, all aspect of pollution and solution to pollution in the biosphere.

### **MANUSCRIPT SUBMISSION**

Before submitting your manuscript online at <https://journal.tecnoscientifica.com/index.php/tasp/index>, Consult the Author Guide posted on the *Tropical Aquatic and Soil Pollution* website at <https://journal.tecnoscientifica.com/index.php/tasp/about/submissions>.

### **PUBLISHING ETHIC**

*Tropical Aquatic and Soil Pollution* requests all members involved in the journal publishing process to adhere to the Core Practices on publication ethics as stipulated by [Committee on Publishing Ethics \(COPE\)](#) in compliance with the information and guidelines on handling publishing ethics allegations as described in the [Publishing Ethics Resource Kit \(PERK\)](#). The journal editors take all possible misconducts seriously. The Editors, authors or readers can forward their concerns to the journal if they find out that the description in a submitted article may constitute an academic fraud, research misconduct or publication malpractice. The complainant may direct all inquiries and correspondence to the Publisher at [publisher@tecnoscientifica.com](mailto:publisher@tecnoscientifica.com).

### **PLAGIARISM POLICY**

The journal will not accept manuscripts that are plagiarized in any circumstances. The journal will verify the originality of the submitted manuscripts with Turnitin, the plagiarism detection software. If a manuscript uses a text copied directly from another source, this text must be written in quotation marks and original source must be cited.

If any kind of plagiarism is detected during the review process, the manuscript will be rejected.

### **PUBLICATION FEES**

This journal is free of charge at all steps including submission, revision, processing and publication.

### **LANGUAGE**

All articles should be written in English—either British or American as long as consistency is observed. SI units should be used. If you are not a native speaker of English, you may want to utilize an external or Tecno Scientifica Publishing's optional professional language editing service before submitting the final version. Tecno Scientifica Publishing offers its own professional editing services. For further details about the language editing services, please contact us at [publisher@tecnoscientifica.com](mailto:publisher@tecnoscientifica.com). Please note that utilizing a language editing service is not a guarantee of acceptance.

### **COPYRIGHT NOTICE**

Authors shall retain the copyright of their work and grant the Journal/Publisher rights for the first publication with the work concurrently licensed under the [Creative Commons Attribution 4.0 International License \(CC BY 4.0\)](#). Under this license, authors who submit their papers for publication by *Tropical Aquatic and Soil Pollution* agree to have the CC BY 4.0 license applied to their work, and that anyone is allowed to reuse the article or part of it free of charge for any purpose, including commercial use. As long as the author and original source is properly cited, anyone may copy, redistribute, reuse and transform the content. This broad license intends to facilitate free access, as well as the unrestricted use of original works of all types. This ensures that the published work is freely and openly available in perpetuity.

## **EDITORIAL TEAM**

### **Editor-in-Chief:**

#### **Tony Hadibarata**

Faculty of Engineering and Science  
Curtin University Malaysia  
CDT 250, Miri, Sarawak,  
Malaysia

### **Associate Editor**

#### **Dr. Risky Ayu Kristanti**

Research Center for Oceanography,  
Indonesian Institute of Sciences (LIPI).  
Jalan Pasir Putih, Ancol, Jakarta,  
Indonesia

### **Assistant Editor**

#### **Muhammad Syafrudin**

Department of Industrial and Systems Engineering,  
Dongguk University,  
Seoul 04620,  
Korea

### **Journal Editor**

#### **Topik Hidayat**

Department of Biological Education,  
Faculty of Mathematical and Science Education,  
Universitas Pendidikan Indonesia  
Jalan Setia Budi, Bandung  
Indonesia

#### **Palanivel Satishkumar**

Key Laboratory of Theoretical Chemistry of  
Environment, School of Chemistry,  
South China Normal University  
Guangzhou 510006,  
PR China

#### **Ajeng Arum Sari**

Research Unit of Clean Technology  
Indonesian Institute of Sciences (LIPI)  
Komplek LIPI, Gedung 50  
Jalan Sangkuriang, Bandung,  
Indonesia

#### **Rubiyatno**

Civil and Environmental Engineering,  
Faculty of Engineering,  
Yamanashi University,  
4 Chome-4-37 Takeda, Kofu, Yamanashi 400-8510,  
Japan

### **Proof Reader**

#### **Tony Hadibarata**

Faculty of Engineering and Science  
Curtin University Malaysia  
CDT 250, Miri, Sarawak,  
Malaysia

### **Layout Editor**

#### **Muhammad Syafrudin**

Department of Industrial and Systems Engineering,  
Dongguk University,  
Seoul 04620,  
Korea
